

Paris, 16 April 2019

To do its part in the face of a disaster that hurt France in its very soul, Groupama will donate the 1,300 hundred-year-old oak trees needed to rebuild the frame of the Notre-Dame cathedral in Paris. To respect the work of the Compagnons craftsmen's guild of the time, these oaks will be harvested from our Normandy forests.

About the Groupama Group

For more than 100 years, the Groupama Group has based its action on timeless humanist values to enable as many people as possible to build their lives with confidence. It relies on mutual aid communities: human, close, optimistic and responsible. With its three brands (Groupama, Gan and Amaguiz) the Groupama Group is one of France's leading mutual insurance groups, now providing insurance policies and services in ten countries. The group has 12 million members and customers and 32,000 employees worldwide, generating revenues of €14.3 billion. Find all the Groupama Group's news on our website (www.groupama.com) and on our Twitter account (@GroupGroupGroupama).
