

## Groupama Immobilier has the second-fastest runners

On Sunday 17 June, in Paris, the Groupama Immobilier team distinguished itself at the Les Foulées de l'Immobilier, a 10-km run for real estate professionals. We arrived second overall.

29 runners, cheered on by their supporters, bore the colours of the company and the Groupama Group high in a sports challenge for the benefit of the Paris Dauphine Foundation. The funds raised will cover accommodation costs for three Paris Dauphine University students next academic year.

We are proud of this individual, collective and philanthropic performance. Congratulations to all involved.
