

IT NIGHT COMPETITION : Groupama Immobilier Golden Winner !

On May 31, 2021, IT Night was held, the night of the digital company, initiated and organized by REPUBLIK IT. This competition, which brings together 800 professionals, celebrates the most beautiful innovations in several categories such as: the most innovative IT project, the most innovative IT solution, the best supplier/customer collaboration or collaboration between large groups and digital agencies.

It is with the FABERNOVEL team and A4MT that Groupama immobilier wins the gold medal for the Looping. immo project in the customer-supplier co-construction category. This beautiful project is above all a collaboration which has, hand in hand, developed a construction platform for the future of tomorrow in favor of the circular economy.
